MEMORANDUM FOR: CPP

SUBJECT : PSB Staff Meeting, 15 June 1953

1. As you will note the attached agenda for Wednesday PSB meeting is very short. The only item to be considered is PSB D-23 (Thailand) which is being considered prior to submission to the NSC. Comments on this latest draft are being collected from PY Division, the PM Staff and FE Division.

25X1A 2. Bill Godel gave a short summary of the Jackson Committee report. I assume that [] has filled you in in greater detail than anything I could provide on the basis of this summary.

25X1A 3. [] said that he received a memorandum from you dated 12 June about the progress of CIA's inquiry to its field stations on the advisability of the Free World Congress. He asked me to check the progress of the other inquiries. [] tells me that it was decided, in view of the decidedly unfavorable reaction from the 25X1A [] to omit further investigation in Brussels. If this is the case, perhaps during the next few days you will have occasion to talk to George Morgan and could let him know that he will not be receiving further field reaction from us.
